

Black Bear Chalet

When you reserve the Black Bear Chalet, we would like you to come and experience the majesty of Lake Tahoe, surrounded by gorgeous mountains, forests, and streams. There is so much to do and see here that it is impossible to do it in a week.

The Black Bear Chalet is a lodge-style chalet which has three bedrooms, two baths, and sleeps eight people maximum, including children. It has an over-sized great room that features a vaulted ceiling with refreshing ceiling fan (for those hot summer days), a gorgeous ledgestone electric fireplace insert, and an entertaining Foosball Table. Capture the outside views from the large bay window, or the windows on each side of the fireplace that look out to the conservancy land. There are large windows looking out the third wall also. It has such an open feeling that is especially wonderful when the snow is falling all around.

After a long day on the ski slopes, washing coins in the slots, or shopping the outlets and shops, sitting in front of the fireplace with a glass of wine or a mug of hot chocolate can't be beat! Enjoy the new 50" HDTV FLATSCREEN in the living room, or enjoy a fast game of FOOSBALL. We have also updated the TV's in each of the bedrooms to 32" HDTV FLATSCREENS.

This Non-Smoking/Non-Pet home is centrally located within minutes of world class skiing, casinos, restaurants, golf courses and, of course, beautiful Lake Tahoe. Although it is so centrally located, it is away from traffic congestion and noise, and less than a block away from national forest preserve which is perfect for hiking and biking in the summer. For the adventurous hiker, there is a beautiful view of Lake Tahoe from the top of the hill, which makes the hike through the National Forest worthwhile. On your way, there is a meandering stream complete with little waterfalls, where the kids can enjoy water fun, while the adults enjoy a picnic lunch. It is perfect for those educational nature hikes. In the winter, many people use those trails for snow shoeing or cross country skiing.

After a long day of sporting activities or even shopping the outlets, enjoy the soothing waters of the HOT TUB. The large deck is perfect for relaxing while the steaks are on the barbecue. Enjoy the quiet and hear the sounds of nature. It is truly peaceful!!
